

SKP VANITHA MATRICULATION SCHOOL

TIRUVANNAMALAI – 606 611.

CURFEW is only for our physical wander; not for our mind to ponder.

It cannot curtail our knowledge sharing and learning.

We, SKPVMS wish to transform this dwelling at home into a useful one. We have organized video-learning session for our Grade-IX students. Teaching videos will be recorded and sent to you. We expect our students to learn through it and write test on the same portion the very next day. Every alternate day, videos of two subjects will be sent.

NOTE

* Videos will be sent at 9 am

*Test portions/questions will be intimated before 11am.

* Students need to submit the test through WhatsApp by next day evening without fail.

This will surely keep them engaged and their studies will not become intermittent during this vagarious vacation.

Hopefully, this is a new experience for our students as well as teachers.
